

FIRE & LIFE SAFETY

INSPECTION PROGRAM

Your Safety is Our Primary Concern. Experiencing a fire in your place of business can be devastating. The City of Ontario's **Fire and Life Safety Inspection Program** is the backbone to fire prevention.

On January 21, 2020, the Ontario City Council approved the FY2019-20 Citywide Fee Schedule and adopted a new **\$80 Fire Inspection fee** to support critical fire prevention and inspection services once a year at businesses like yours.

IMPORTANT INFORMATION

- Only businesses that are required to receive an annual fire inspection will be subject to the new fee (residential units are currently exempt).
- Businesses required to obtain an Annual Fire Operating Permit are subject to separate fees as set per the Adopted Citywide Fee Schedule.

PAYMENT INFORMATION

To pay your invoice using your credit card over the phone, please call (909) 395-2022, and press option #5.
