Alcoholic Beverage Sales for Consumption on the Premises (On-Sale Alcoholic Beverage Sales).** On-sale alcoholic beverage sales comprises establishments properly licensed by the Department of Alcoholic Beverage Control of the State of California (ABC), which sell alcoholic beverages of varying types, as allowed by the type of ABC license held by the establishment, for consumption on the premises in which they are sold. Typical uses include, but are not limited to, bars, brew pubs, nightclubs, wine bars, and restaurants that serve alcoholic beverages. Establishments engaged in on-sale alcoholic beverage sales shall comply with the following:

2. Any business engaged in on-sale alcoholic beverage sales or on premise tasting of any alcoholic beverage in conjunction with a legally established, and ABC-licensed, wine grower, beer manufacturer, brandy manufacturer, or distilled spirits manufacturer, shall not allow any alcoholic beverage to be consumed outside of the enclosed building, except within an outdoor area that has been designed to be separated from direct public contact/access by a wall, fence or other barrier acceptable to the City. **F. Public Convenience or Necessity Determination.** BPC Section 23958.4 provides that the City shall have authority to review a retail alcoholic beverage license application proposed within an area having an “undue concentration” (high density of alcoholic beverage sales locations) of licenses; determine whether public convenience or necessity would be served by license issuance; and inform ABC of the determination.

1. Purpose. The purpose of this Subsection is to establish a procedure by which the public convenience or necessity may be determined, as provided by State law, and establish the criteria by which the determination shall be made.

2. Applicability. In considering a Conditional Use Permit or Administrative Use Permit (as applicable) application for alcoholic beverage sales, it shall be the responsibility of the Reviewing Authority prescribed by Table 2.02-1 (Review Matrix) of this Development Code, to make a determination of public convenience or necessity, if required pursuant to this Subsection.

3. Determining Public Convenience or Necessity for On-Sale Alcoholic Beverage Sales Licenses. Within a census tract having an undue concentration of on-sale ABC licenses, whether the public convenience or necessity would be served by an ABC license issuance shall be determined as follows:

a. Alcoholic Beverage License Issuance in Conjunction with a Bona Fide Restaurant. The issuance of an alcoholic beverage license in conjunction with a bona fide restaurant is hereby deemed to be provided as convenience to business patrons. The Reviewing Authority shall, therefore, establish that the public convenience would be served by the issuance of an ABC license in such cases.;

b. All Other On-Sale Alcoholic Beverage Licenses. For all other on-sale alcoholic beverage licenses, the Approving Authority shall determine whether public convenience or necessity would be served by ABC license issuance on a case-by-case basis, upon a thorough review of the facts pertaining to the proposed use.

4. Criteria for Determining Public Convenience or Necessity for Off-Sale Alcoholic Beverage Sales Licenses. Within a census tract having an undue concentration of off-sale ABC licenses, the City desires to strike a balance between the number of off-sale ABC licenses and the convenience of business patrons. Consequently, the Approving Authority is hereby granted authority to make determinations of public convenience and necessity, and shall rely upon the following factors in making such determinations:

a. The proposed retail alcohol license is not located within a high crime area, which is defined as an area characterized by a high ratio of Police Department calls for service to alcohol-related incidences, not to exceed 20 percent greater than the average number of alcohol-related incidences reported for the City as a whole), including, but not limited to, disturbing the peace, public intoxication, assault and battery, prostitution, vandalism, graffiti, loitering, pan-handling, all BPC violations, drug violations, and driving while intoxicated or under the influence;

b. The proposed retail alcohol license is not located within close proximity (600 FT or less, as measured in a straight line from any point along the outer boundaries of the building GFA containing the business) of an existing or proposed residential or sensitive land use (as provided in BPC Section 23789), including hospitals and other healthcare facilities; senior citizen care facilities; preschools; daycare facilities; public or private elementary, middle (junior high) or high

**5.** Criteria for Determining Public Convenience or Necessity for Off-Sale Alcoholic Beverage Sales in Conjunction with Alcoholic Beverage Manufacturing Uses. Within a census tract having an undue concentration of off-sale ABC licenses, the Reviewing Authority is hereby granted authority to make determinations of public convenience and necessity for off-sale alcoholic beverage sales in conjunction with an alcoholic beverage manufacturing uses, and shall rely upon the following factors in making such determinations:

**a.** The proposed alcoholic beverage manufacturing use is not located within a high crime area, which is defined as an area characterized by a high ratio of Police Department calls for service to alcohol-related incidences, not to exceed 20 percent greater than the average number of alcohol-related incidences reported for the City as a whole), including, but not limited to, disturbing the peace, public intoxication, assault and battery, prostitution, vandalism, graffiti, loitering, pan-handling, all BPC violations, drug violations, and driving while intoxicated or under the influence;
