PLANNED SIGN PROGRAM

A. PURPOSE AND INTENT

1. The purpose of this Planned Sign Program is to provide for adequate and attractive identification of buildings and businesses by ensuring proper design, location and maintenance of all signs and graphics within the Airport Commerce Center South.
2. The intent of this Program is to produce uniform standards for all exterior signage to establish continuity, consistency and overall harmony with the visual quality of the Center.
3. The Airport Commerce Center South Management Committee has approved a Sign Review Committee to uphold the purpose and intent of this program. The Sign Review Committee shall report to the Architectural Committee.

B. MAINTENANCE

1. All signage submitted should require minimal maintenance and upkeep. The Sign Review Committee shall make periodic inspections of all signs on site. Any deficiencies shall be immediately corrected by the person(s) or business responsible for the maintenance of said sign or signs.

C. UNCERTAINTY OF SIGN STANDARDS

1. If a situation arises that is not covered by these sign standards or there is ambiguity of these standards, the sign applicant shall be referred to both the Sign Review Committee and California Commerce Center for determination and clarification. The Sign Review Committee, the California Commerce Center and the City of Ontario shall then authorize signage which best fulfills the intent of the Planned Sign Program.

2 of 28

No person shall erect, re-erect, construct, enlarge, alter, move, improve, remove, convert or equip any sign or sign structure, or cause or permit the same to be done contrary to or in violation of any of the provisions of this Planned Sign Program. Conformance will be strictly enforced by the Sign Review Committee and California Commerce Center. All such nonconforming or unapproved sign(s) must be brought into conformance at the expense of the persons responsible for the installation of said sign(s).

PERMITS: A sign permit shall be required prior to placing, erecting, moving, reconstructing, altering or displaying any sign in the Airport Commerce Center South unless expressly exempt from the provisions of the applicable requirements contained in the California Commerce Centers specific sign plan.
