

8. AMENDMENT PROCESS

It is the intent of the South Milliken Avenue Specific Plan to be presented in such a way that new development will not need to amend the Specific Plan. But, in the event an issue is uncovered that is not discussed within this document nor can this issue be determined to be within substantial conformance with the plan, California Government Code, Section 65453 (a) allows for Specific Plan Amendments.

An applicant may apply for a "Specific Plan Amendment" from the City of Ontario. The approval process for filing for a Specific Plan Amendment is as follows:
