2018 ONTARIO STATE OF THE CITY PROVIDES INSIGHT ON LEADERSHIP, COMMUNITY, BUSINESS, TOURISM AND INFRASTRUCTURE

The region's most anticipated event, Ontario's annual State of the City: Business Leadership Symposium, will bring together representatives of the business, development, and real estate community. Leaders from all over Southern California will gather on Wednesday, March 28, 2018, at the Ontario Convention Center to be inspired by industry experts and network with the region's top deal makers.

This year's theme, *Leading The Way*, will display how the City of Ontario continues to be the center of it all, while discussing topics on leadership, community, business, tourism, and infrastructure. Ontario Officials will recap accomplishments and partnerships made over the year and will also give some insight on what to expect in the future.

The 2018 featured speaker is *America's First African American Female Combat Pilot*, Vernice "FlyGirl" Armour. FlyGirl will inspire attendees to make gutsy moves and create breakthrough results within their organizations. In conjunction with FlyGirl's presentation, City Officials will discuss Ontario's commitment to public service; enhancements made in various parks, residential and commercial neighborhoods; give updates on future developments and plans for the City; and show how the City continues to lead the way in making Ontario the most business-friendly City in Southern California.
